**CITY OF ISLE OF PALMS
PRESS RELEASE
FOR IMMEDIATE RELEASE
July 16, 2015**

Isle of Palms, SC – The City of Isle of Palms is pleased to learn that funding has been secured for the United States Army Corps of Engineers, Charleston District to dredge the Intracoastal Waterway (ICW) between the Ben Sawyer Bridge and the Isle of Palms Connector Bridge. Silting in this area has created safety concerns for boaters, particularly at low tides. Boaters should use caution in this area until the dredging project can deepen the ICW. More details will be released when the project initiates. Construction is anticipated to be completed by the end of 2015.

Questions about the project can be addressed to: Glenn Jeffries, United States Army Corps of Engineers, Charleston District, 843-329-8123, glenn.e.jeffries@usace.army.mil
